FROM THE RACE DIRECTOR

For the Record

It's hard to believe that River Run 1985 is history. It came and went so quickly. To keep things moving, I thought it would be nice to try and get the results in your hands within a month of the race. As of this writing, it looks like the results are on schedule.

I would like to express my appreciation to our sponsors who helped make River Run '85 a smashing success. Barnett Bank, Gate Companies and Ronzoni, I thank you. To all the many volunteers who made this huge endeavor a lot easier, I thank all of you. As for the 5,758 runners who registered for the race, it's all for you and I hope it was a good experience for every one of you.

I have received a lot of feedback from the questionnaire that was in the race program. Based on your good opinions of the race, I am inclined to believe that the race was well received and that almost everyone enjoyed the day. Under bad points of the race, I will try and give you the most common complaints and what I plan to do to correct the problems.

1. It was too hot! Why not have an earlier start or move the race into February?

Answer . . . River Run 15,000 has more spectators than any other race I have attended with the exception of the New York and Boston Marathons. I would hate to see us lose a lot of these spectators because we start too early in the morning. Our race is pretty much locked into the date because of other major races and the River Day celebration. But based on the many appeals for an earlier starting time, I will recommend that the race start at 8:30 next year.

2. There was too much advertising on the t-shirts!

Answer . . . I will pass your comments on to our sponsors. They put a lot of money into the race and they are only looking for something in return.

3. You ran out of large and extra large t-shirts. How can you keep this from happening?

Answer . . . This year's t-shirt was a lot smaller than last year's. We didn't run out of shirts, just certain sizes. There are cases of small and medium shirts left. To get the shirts here in time to be printed and ready for the race, they have to be ordered early in January. That's before the entry forms are distributed, so ordering is based on the prior year. I'm sorry for any inconvenience this might have caused you, but it is a problem that is hard to solve.

4. There were not enough refreshments at the finish line.

Answer . . . This is something that we must work on in the coming year. Beer is a problem because the finish area belongs to the City and it requires their approval. It would be nice to have popcicles or more to drink at the finish.

For those of you who are interested, there is an order form in this booklet for River Run souvenirs. I hope you will take the time to look it over and help support our race by ordering one of the listed items.

The 1986 edition of River Run 15,000 will be March 8th. I hope you will help make it the biggest and best ever. Keep up the good running and mark your calendar for September 1st. This is the date for the Summer Beaches Run, a five mile race also conducted by the Jacksonville Track Club.

Yours in running, Doug Alred

Congratulations to Betty Springs . . . her 49:25 is a new American record. The old record (49:33) was set on our course by Patti Catalano in 1981.

Priscilla Welsh of Great Britain smashed the female masters world record by 6 minutes and 11 seconds. Her 49:35 broke Cindy Dalrymple's record set in 1982.

Southern Bell not only placed one, two, three in the Corporate team division, they also won an award for the best water station on the course. Other water stations were handled by Baptist Medical Center, Ivey's, St. Vincent's Medical Center, American Trans Tech, Wolfson JSA's, Barnett Bank and Prucare. We thank all of you.

River Run must be a hard race to win. In it's eight year history, no male or female has won it twice.

Look for major course change in 1986. The city plans to close Coastline Drive before next year's race.

A lot of runners said that it was too hot this year and we should move the race to earlier in the year. We did just that this year. River Run was a week earlier but not cooler. If we had kept it the third weekend in March, it would have been perfect this year. Who knows?

There is talk of having a special t-shirt to be given to all runners who finish all of the first 10 River Runs. More information will be available as it develops.

Two area runners showed up on race day wearing low seeded numbers. It seems they thought they were Zak Barie and Julian Goater. An investigation is under way to find out how they got the official River Run numbers.

The top ten percent awards were handed out in the finish chutes this year. It was decided that since so many awards had not been claimed in the past, that the awards would be given to the first ten percent of the finishers.
